

Our topic for this half term is **Ourselves**

## Book of the Week

### We have been:

- Talking about what we like to eat and why, using describing words
- Drawing and painting vegetables
- Making a collage packed lunch
- Potato printing
- Writing menus and shopping lists
- Making pasta necklaces

## Words we are learning this week:

absolutely    incredibly

peak    nibble

### This week we also:

- Looked at the fruit and vegetable paintings by Giuseppe Arcimboldo, discussing our observations

- Created our own fruit and vegetable face pictures

### In maths this week we also:

Collected data about who likes particular foods the most, and recorded these in tally charts, bar charts and pictograms.

### What you can do at home this weekend:

- Try a new fruit that you don't normally buy
- Talk about different kinds of fruit and vegetables and try to learn the names
- Ask other friends or family members what they like to eat
- Write a shopping list together and go to the shops to find things together
- Make a pasta necklace and count the pieces
- Make a fruit smoothie!

Challenge! Can you find out what these fruits are?
