

Topic Dress Up Day

We had a wonderful dress up day earlier this month, with such a creative range of costumes! We had a virtual assembly where we could all see each other and learn a little about the topics we've enjoyed this term across the school. Thank you to all the children for their enthusiasm and costume making efforts for this day; it really brings the topic alive!

A Message from Mrs Hewins

This Autumn term has of course, been a term unlike any other we've known before. Despite the new obstacles we have all had to navigate, we've still had plenty of festive cheer here at Jubilee! Christmas jumper day is always a fun excuse to dress up in the name of charity, and we want to thank you all for your creative efforts as well as your donations to Save the Children. At the most recent count, we have raised £439. In other news this week, we've had a visit from a very special, tuba-playing Father Christmas, as well as a drumming elf, delivering presents from the North Pole, in addition to a very jolly Christmas dinner and class party. The children have been hat-making, decoration crafting, and glitter-sprinkling as is our tradition. The staff at Jubilee have even managed to put together a socially distanced virtual panto escapade for the children!

I want to say another enormous thank you to all the families for supporting your children this term. We are all so grateful for the ways you have managed and adapted to online learning in the event of the bubble closures. Have a wonderful holiday break and stay safe!

Christmas Dinner gets a thumbs up!

Clay Modelling

Year 3 have been experimenting with clay this half term. Take a look at this amazing hunter gatherer model created by Kit in Beech class.

Art Show

We have collated the highlights of our art projects this term into an Art Exhibition for the children. All the children will be able to visit the show and see the range of work produced this autumn.

Class	Nursery	Reception Walnut Chestnut	Y1 Pine	Y1 Spruce	Y2 Elm Hazel	Y3 Beech Birch	Y4 Willow Rowan	Y5 Alder Aspen	Y6 Oak Ash

The Extraordinary Gardener

Children from Nursery to Year 6 have become gardeners this week, reading the story of Joe and his ambition to create a garden for all his neighbours. Pupils have written their own takes on the story in beautiful handmade books created by a team of parent volunteers (thanks parents!) and watched their own pots of cress flourish over the week. We can't wait to share some of these with you!

School Ventilation

As one of our safety measures to help prevent the spread of viruses in school, we are increasing the classroom ventilation by keeping windows open where we can. Please be mindful of this by ensuring that children have adequate clothing to keep them cosy in school. We recommend that children wear an extra vest or bring in an additional cardigan or fleece whilst the weather is chilly.

Thank you!

Parent Governor Vacancy

We advertised for a new parent governor for the school's governing board last term, but unfortunately we did not have any nominations.

Being a parent governor is a great opportunity to get more involved in the life of the school. More information about the role and the nominating process will be sent out to all parents in January.

If you are interested, please look out for a Parentmail at the start of the spring term for more information and how to nominate yourself.

The Great Fire of London

After making Stuart Houses as part of our Year 2 Great Fire of London topic, we set them alight to understand how the fire spread! First we saw what would have happened if it had been raining - the bakery did not set alight. Then we watched the other houses go up in flames - the fire jumped from house to house so quickly because they were dry and close together just like during the Great Fire of London!

Merry Christmas

For those of you who celebrate, we wish you a very Merry Christmas!

Here is Christina with her fabulous Christmas tree model, made out of pine cones and pom poms!
