

Jubilee children will be:

**Achievers**

**Readers**

**Adventurous**

**Creative**

**Happy**

We enable children to meet their full potential

We nurture a joy of reading

We engage children with rich experiences

We inspire imaginations through creative expression

We prioritise wellbeing and personal, social and emotional development

Every child experiences teaching that is clear, challenging and well sequenced, and know what they need to do to be successful. We celebrate achievements and recognise progress to further motivate and inspire children.

We give children time to rehearse and master key skills and secure their knowledge across a broad, balanced and ambitious curriculum.

We focus on developing a love of reading from the very first moment a child begins at Jubilee. Stories take centre stage, acting as a valued starting point for children's journeys to becoming independent, lifelong readers.

Reading skills are taught with precision, starting with phonics in Early Years, with high quality resources ensuring every child is supported and challenged appropriately.

Every child has regular access to nature (Forest Schools, gardening) and new first hand experiences (Sports, Arts, Science) with time to explore, discover, and investigate, supported by highly trained, passionate staff.

We provide motivating and enriching opportunities to try experiences that fascinate children. Our adventures support children to develop confidence, resilience and independence.

Children are encouraged and expected to construct, experiment and create using a wide range of materials. We provide models and inspiration through our rich curriculum and artist focus across the school.

There are opportunities for performance for every child in every year group.

We create a warm, welcoming and friendly environment, where all children feel safe to share their thoughts and feelings with others.

We promote a mindful approach, enabling children to build emotional literacy and enhance focus.
