

**Crucial Knowledge**

*I will learn that...*

- Lunar New Year is celebrated by people around the world, and the celebrations are characterised by red decorations, feasts, dancing and exchanging money
- A healthy, balanced diet means eating a variety of foods, including lots of fruit and vegetables
- Some foods are brought to this country from around the world
- People may have different food preferences and reasons for eating special foods
- Rhyme means when two words sound the same but have a different initial sound
- Rhymes and wordplay can be funny and help us to enjoy stories

*This will help us when we learn about...*

PSED Self Care in Reception (all topics)  
Plants in KS1

*I will be able to...*

- Demonstrate an understanding of rhyme
- Recall some key facts about a healthy diet (eat fruits and vegetables, limit sugary foods)
- Understand how some food is produced (e.g. fruit and vegetables are grown, dairy milk is from cows)
- Explain that some fruits and vegetables are not grown in this country
- Explain some ways that Chinese/Lunar New Year is celebrated
- Retell a simple version of the story of Lunar New Year
- Identify and discuss some features of common fruits and vegetables (e.g. a pineapple is spiky)
- Talk about my favourite foods and express my preferences, giving reasons

*Additional texts or points of inspiration over the half term:*
