

International Welcome Event

We love to mark the start of the school year with a lively event to celebrate everyone in our school community: the International Welcome Event, where we can welcome new families to the school as well as see everybody back in the swing of things after the summer break. There was an amazing range of food on offer from all parts of the globe, as well as music and a fashion show! What a fantastic way for children and families to recognise what a special school we have! Thank you to all the families who helped to contribute to this lovely event.

A Message from Mrs Hewins

Welcome to the Autumn term! September has brought us a moment in history with the death of Queen Elizabeth II, marking the end of an era for many. We have all taken an interest in reflecting on times throughout history and how life has changed during her reign.

I'd like to extend a warm welcome to our new families who have joined us in the Early Years and throughout the school this month. It was brilliant to meet so many of you at our annual Welcome Event. Thank you so much to everyone that was able to come along and share in the fun! Of course, we are so grateful to all that could help to make this event so special, from the amazing parents in the PTA, Shaun, our SENCo, Nessian and John who led the music entertainment. We are so lucky to have such an exciting, diverse range of backgrounds and cultures here at Jubilee. Do you know, there are 30 different languages spoken by children at Jubilee? We celebrate this by holding our Welcome Event and dressing up in clothes or colours that are special to us. I look forward to this day each year.

At Jubilee, we are all making a concerted effort to conserve energy by powering down electrical items where we can, turning off unused lights and turning off switches at the mains. We hope to help children understand the effects of our actions and make a difference to the energy bills! It is a challenging time but it can help to learn what we can do to be proactive and change habits by reducing the energy we use.

Individual Class Photos

On Wednesday 19th October, the photographer will be in school to take photos of the children by themselves and with siblings. Class photos will be on Wednesday 21st June.

Safety on the Premises

Please make every effort to leave the school premises soon after collecting your children. We also need to remind families that children are not permitted to walk through the car park. Please also be wary on the pavement by the car park gate, especially if your child is scooting ahead of you on a scooter, in case a car is leaving the car park. Thank you very much for your understanding.

RUNNING for the CHILDREN of JUBILEE SCHOOL

Running a **marathon**, 42.2km (26 miles) is a mammoth challenge!

Chloe, mum to Clem in YR4, always wanted to run the London marathon. She was inspired by all those she watched on the TV doing it and decided to try it. Chloe is now going to run and raise money for a couple of charities, one being Jubilee which is very close to her heart. Chloe wants to support all the wonderful projects the school is doing for the children.

Let's support Chloe to get her through the finishing line, meet and smash her target.

Here's the link to her Jubilee justgiving page. Any donation is welcome be it small or big! Thank you Chloe from all of us!
