**Below is a selection of comments from the additional commentary box in the survey:**

*I think the school has created a wonderful environment for learning to take place. The teachers are friendly and approachable. They are kind to the children. The children are well behaved and seem to care about each other.*

*On receiving information about child's progress, I would like more focus on social development / - not just academics - in KS1.*

*It would be really valuable to have more opportunities throughout the year to see the children's books and the work they are doing, so we can better follow their development and learning journey.*

*The after school club should consider homework support or provide at least reading. When parents work full time and pick up at 5/6pm, when can they realistically do homework - feels like they would be disadvantaged.*

*The information given about events is well organised and easy to keep up with as we are given a lot of notice.*

*School events are outstanding! It is a lovely and welcoming community to be part of.*

*We are very happy with the school. Thank you for all your hard work.*

*Our son is very happy at Jubilee and we are grateful to all the staff that make the school such a special place. Thanks again for the hard work everyone puts in daily, we see it!*

*School should consider providing some homework occasionally that is not computer based. Good old fashioned paper worksheets.*

*A warm and wonderful, truly inclusive school - keep doing what you're doing.*

*It would be great to have more clubs with more variety. Especially for the younger years. So happy to have Funn club there in the holidays now!!*

*We are incredibly happy with this first year of school and can only be grateful to all the staff for creating such a great experience. It would be wonderful if there could be a bigger offering of after-school clubs for Reception children.*

*I've not had any experience of bullying at Jubilee so I don't know how it is dealt with. Jubilee has been the perfect school for my kids.*

*It would be good to have homework that's a bit more creative. Move children away from screens.*

*I feel a lot of love from the school environment and the teachers. We are very happy.x*

*I have been very happy with how both my children have progressed through jubilee. It provides a wonderful friendly learning environment which they have both loved.*

**'You said, we did' – actions following this survey**

Thank you again for all of your feedback, it is really valuable to us. Based on the results and your comments and suggestions, we will be:

- Reviewing the school's homework protocols and communicating with parents about it separately
- Continuing to explore additional club opportunities for younger pupils
- Reviewing the format of parents' evening meetings to ensure a more holistic approach
